Project Description (Proposed actions, location, and/or consequences).

The project site would be developed within approximately 20.7 acres of the eastern portion of the undeveloped parcels adjacent to the Granite Hills HS campus and within approximately 0.23 acres of the western portion of Granite Hills HS campus (Assessor Parcel Number [APN] 043901218, 043901219, 043901220, 043901221, 043901222, 043901223, and 043901224). The proposed project would install a new track and field with artificial turf, four stadium lights, two football field goal posts, a scoreboard, permanent bleachers to the west and east of the track and field, a concessions building, a teams building, a trash enclosure, a PA system, four parking lots, a flood control basin, and include walkways and ornamental landscaping design features and vegetation. The proposed project would also include track event infrastructure including a long jump area. New chain link fencing with gates would be installed around the perimeter of the track and field and project site. Chain link fencing and a pedestrian access gate would be installed between the project site and the campus.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
