Emergency Project [C 21080(b)(4); G 15269(b)(c)]

Statutory Exemption. C Section: 15268

G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt:

The proposed permit process is defined and authorized by Title 14, California Code of Regulations, Division 7, Chapter 5, Article 3.0 – Regulatory Tier Requirements. As specified in Section 18104.7(d), the LEA is compelled to follow the procedures set forth in Sections 18104.2 and 18104.3 to review and accept an application and issue a registration permit. Accordingly, because LEA is required to issue the permit contingent on the applicant's conformity to applicable statutes, ordinances, regulations, or other fixed standards, the project approval is a ministerial action and is statutorily exempt per Section 15268 of the CEQA Guidelines.
