Project Location: Redlands, San Bernardino County
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Proposed Project is the adoption of the Climate Action Plan update, a document that provides measures intended to reduce GHG emissions within the City. This update to the Redlands CAP presents the City's progress toward the GHG reduction targets established in the 2017 CAP and forecasts GHG emissions through 2050 to assess the City's capacity to support recent adjustments to the State's climate objectives, including an ambitious goal of carbon neutrality by 2045. The GHG Reduction Strategy included in this updated CAP also provides options for local actions to meet and/or exceed State requirements.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

None

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.
