Present Land Use/Zoning/General Plan Designation:

All land use and zoning designations citywide

Project Description: (please use a separate page if necessary)

The Proposed Project is the adoption of the Climate Action Plan update, a document that provides measures intended to reduce GHG emissions within the City. This update to the Redlands CAP presents the City's progress toward the GHG reduction targets established in the 2017 CAP and forecasts GHG emissions through 2050 to assess the City's capacity to support recent adjustments to the State's climate objectives, including an ambitious goal of carbon neutrality by 2045. The GHG Reduction Strategy included in this updated CAP also provides options for local actions to meet and/or exceed State requirements.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
