**Project Title:** Delgado Water Diversion Project (Lake or Streambed Alteration Agreement No. EPIMS-TRI-57328-R1C)

**Project Location (include county):** The Project to be completed is located within the Mad River watershed, within the town of Mad River, County of Trinity, State of California. The Project is located in Section 21, T1N, R6E, Humboldt Principal Meridian; in the Sportshaven U.S. Geological Survey 7.5- minute quadrangle; Assessor's Parcel Number 018-670-003-000; latitude 40.4444N and longitude 123.4971 W at the point of diversion (POD).

**Project Description:** The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number EPIMS-TRI-57328-R1C, pursuant to Section 1602 of the Fish and Game Code to Roberto Delgado.

The Project is limited to three encroachments. One encroachment is for water diversion from an unnamed tributary to the Mad River. Water is diverted for domestic use. Work for the water diversion will include use and maintenance of the water diversion infrastructure. The two other proposed encroachments are to decommission existing water diversions. Work for these encroachments will include the removal of all water diversion infrastructure. This agreement does not sanction the use of any on stream diversion.

**Public Agency Approving Project:** CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

**Person or Public Agency Carrying Out Project:** Roberto Dominguez

**Exempt Status:**

- Statutory Exemption. State code number
- Categorical Exemption. Type – Class 1, 2, and 4; California Code of Regulations, title 14, section 15301, 15302, and 15304

**Reasons why project is exempt:** The project will authorize the diversion of water for domestic use and the removal of two existing but unpermitted surface water diversions. There would be no significant adverse impact on endangered, rare or threatened species or their habitat pursuant to section 15065. There are no hazardous materials at or around the project site that may be disturbed or removed. The project will not result in impacts that are significant when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.
