Project Title Amendment to the San Diego Unified Port District Tariff No 1-G to Increase Rates and Update the Format and Language

Project Applicant: Josefina Khalidy, Principal, Maritime Business Retention, Maritime, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101, (619) 686-6507

Project Location – Specific San Diego, CA 92101 and National City, CA 91950

Project location – City National City and San Diego

Project Location – County San Diego

Description of Nature, Purpose, and Beneficiaries of Project The proposed project involves an amendment to the San Diego Unified Port District Tariff No 1-G (Tariff) to increase rates and update the format and language. The Tariff governs the rates and charges applicable for all maritime-related commercial activity under the District's jurisdiction. The Tariff is reviewed annually to ensure that the District's rates and charges are competitive, and the rules are current. In addition, the rates and charges are reviewed to reflect the prevailing market rates and economic climate.

The proposed Tariff amendment involves a General Rate Increase (GRI) for dockage, wharfage, demurrage, storage, space occupancy, and miscellaneous rates and charges, effective July 1, 2025. There are several factors that are considered during staff's Tariff analysis, including relevant economic indicators such as the Bureau of Labor Statistics (BLS) Consumer Price Index for the West Region, All Urban Consumers, All Items in Los Angeles-Long Beach-Anaheim, California, and All Items San Diego-Carlsbad, California (CPI-U), the Producer Price Index (PPI) for Navigational Services to Shipping, rate recommendations made by California Association of Port Authorities' (CAPA) as well as actual rate increases by other CAPA member ports. Staff also considered potential impacts of the current Administration's tariff actions as they relate to the District's cargo book of business.

The amendment would be effective July 1, 2025, with the exception of list item (2), and includes the following changes:

1. Implement a three percent (3%) General Rate Increase (GRI) in General items, Dockage items, Wharfage items, Demurrage, Storage & Space Occupancy items, and Miscellaneous items.
2. Implement a rate increase of zero point one hundred eighteen cents (\$0.118) for (a) Rates Per Lineal Foot of Length Per Day for Dockage Charge for Commercial Fishing Vessel – Item No. 0570, effective May 1, 2026.
3. Perform an amendment to modify Tariff language and add a corresponding rate of three dollars and fifty-eight cents (\$3.58) for (b) Dockage Charge for Private and Commercial Yachts Per Lineal Foot Per Day for Rates for Full Dockage – Item No. 0575.
4. Implement a rate increase of three-hundred dollars (\$300.00) for (c) Start-Up Charge for Mobile Harbor Crane Fees – Items No. 0738.
5. Implement a rate increase of three-hundred dollars (\$300.00) for (d) Close-Down Charge for Mobile Harbor Crane Fees – Item No. 0738.

- 6 Implement a five percent (5%) Annual Rate Increase (ARI), plus an eight percent (8%) Producers Price Index (PPI) to Pilotage Rates and Charges – Item No 0800
- 7 Perform an amendment to modify Tariff language and remove an obsolete item for Commercial Vehicles, Heavy-weight – Item No 0664
- 8 Perform an amendment of Tariff language and other minor language modifications

The proposed rate increases would aid in balancing the rising operational and maintenance costs, and the financial reserve needs while maintaining a rate structure that is comparable to competitor ports. Additionally, while some of the Tariff will be used for maintenance, such maintenance shall not be for capital improvements to expand systems
