Work Order# ZD40066B Task Code #Z1530

**PROJECT SPONSOR:** County of Riverside Transportation Department

**PROJECT LOCATION:** Community of Cherry Valley

**PROJECT DESCRIPTION:** The County of Riverside Transportation Department is proposing to resurface approximately 0.50 mile of Cherry Avenue from Cougar Way to Brookside Avenue and 0.06 mile of Cougar Way from Kirby Court to Cherry Avenue. Cherry Avenue is a two-lane roadway within the project limits that has a right-of-way width ranging between 73 feet to 84 feet; the northbound lane (*east half of the roadway*) is within the jurisdiction of the City of Beaumont. Cougar Way is also a two-lane roadway within the project limits that has a right-of-way width ranging between 63 feet to 88 feet; and the eastbound lane (*south half of the roadway*) is within the jurisdiction of the City of Beaumont.

**ENVIRONMENTAL ANALYSIS:**

The proposed project will not require additional right-of-way or temporary construction easements to construct the proposed improvements. The project improvements will be within the existing footprint of the roadway and will not raise the roadway profile.

This project is subject to compliance with the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP). In accordance with Section 7 of the MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside/inside of cell criteria area/conservation areas. This project is considered to be an operation and maintenance; therefore, it is a covered activity under the Western Riverside County MSHCP.

If tree trimming and/or tree removal takes place during the migratory bird breeding season (February 1 – September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act.

**The County of Riverside Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:**

**Section 15301 (c) – Existing Facilities** – The project proposes to resurface approximately 0.50 mile of Cherry Avenue from Cougar Way to Brookside Avenue and 0.06 mile of Cougar Way from Kirby Court to Cherry Avenue. The project in its entirety is consistent with Section 15301(c) because it does not create additional automobile lanes and involves no expansion of use of the existing roadway and associated facilities.
