Project Title: Approval of Implementation of the Long-Term Groundwater Replenishment Program

Project Applicant: Modesto Irrigation District - Water Operations Division - Jesse Franco

Project Location (include county): Stanislaus

Project Description:

MID's Long-term GRP is a voluntary program that allows participants to enroll and receive MID surface water in certain years to assist in the replenishment of groundwater within the Modesto Subbasin. An Addendum to the Modesto Irrigation District (MID) Comprehensive Water Resources Management Plan Final Programmatic EIR (certified April 25, 2023) was prepared to evaluate the potential impacts of the infrastructure improvements associated with implementation of the Long-Term GRP. The Addendum concluded that the minor modification associated with implementation of the Long-Term GRP would not result in any new or more severe significant impacts than those identified in the PEIR, and would not change any of the analyses or conclusions contained in the PEIR. Accordingly, the MID adopted the Addendum and approved implementation of the Long-Term GRP.

described project on 1/23/2024 and has made the following determinations regarding the above
(date)
described project.

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
