SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2014072008

Project Title: Red Bluff Riverfront Park Boat Launch Facility – Phase 2 (Streambed Alteration Agreement No. 1600-2018-0311-R1)

Project Location (include county): The project is located on the Sacramento River within the Riverfront Park in the City of Red Bluff, in the County of Tehama, State of California; Latitude 40.17403 N°, Longitude -122.22838 W°, Section 20, Township 27 north, Range 3 west, U.S. Geological Survey (USGS) map Red Bluff East.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement number 1600-2018-0311-R1, pursuant to section 1602 of the Fish and Game Code to the project Applicant, City of Red Bluff.

The Project involves the construction of a two-lane boat ramp designed for motorized boats on the edge of the Sacramento River. The purpose of the Project is to provide permanent boating access to the Sacramento River, separate from an existing boat ramp that will remain in place for canoes, kayaks, and other non-motorized recreational watercraft. The new boat ramp will be a two-lane "V"-groove reinforced concrete ramp approximately 112.5 feet long with a 14 percent slope, and two 15-foot wide lanes with an 8-foot wide boarding float with solar lighting and/or a walkway to accommodate vessel boarding. The Project also involves the construction of an access road, maneuver area, ADA parking slab, ADA walkways, and rock slope protection.

The Project will result in impacts and permanent removal of 0.66 acres of Sacramento River Winter-Run Chinook Salmon (*Oncorhynchus tshawytscha*), and Central Valley Spring-Run Chinook Salmon (*Oncorhynchus tshawytscha*) habitat. The project is expected to result in incidental take of Sacramento River Winter-Run Chinook Salmon and Central Valley Spring-Run Chinook Salmon, which are designated as endangered and threatened species, respectively, under the California Endangered Species Act.

This is to advise that CDFW, acting as a Responsible Agency, approved the above described project on June 2, 2020 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
