Re: Request for 15-day review period for State Clearinghouse circulation of addendums prepared for the San Mateo Clean Water Program, Wastewater Treatment Plant Upgrade and Expansion Project

To Whom It May Concern:

As the CEQA lead agency of the project of reference, the City of San Mateo (City) requests a 15-day review period for circulation of addendums prepared for the San Mateo Clean Water Program Final Programmatic Environmental Impact Report for the Waste Water Treatment Plant Upgrade and Expansion Project (project). The City has been directed to do so by the State Water Resources Control Board, State Revolving Fund, from whom the City is seeking project funding. This request is supported by the CEQA Guidelines, Appendix K, Paragraph 2. Addendums were sent via email as a single PDF named "reduced_SMCWP_Addendums" along with this letter request

Thank you in advance for attention to this request.

Sincerely,

Deryk Daquigan
Clean Water Program – Program Manager
