Project Title: OG Seneca 11 Wells 01102019
Project Applicant: Seneca Resources Company, LLC
Project Location: Midway-Sunset Oil Field

County: Kern Section: 07
Township: 11N Range/Baseline: 23W / MD B&M
Latitude/Longitude: 35.056345 / -119.382426

Project Description: The proposed project consists of drilling eleven (11) new oil and gas wells in the Midway-Sunset Oil Field in Kern County. The well names and API numbers of the wells are listed below. The proposed project is located in an established, high-density oil field, and in an area with surface and mineral rights owned by the U.S. Bureau of Land Management (BLM). DOGGR has issued permits for the wells and notified BLM of the permits.

Exempt Status: As Lead Agency, the Division of Oil, Gas, and Geothermal Resources (Division), has determined that the proposed project is exempt from further environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. The Division further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the exemptions apply (14 CCR 15300.2).

CEQA Exceptions to the Exemptions (14 CCR 15300.2): where project is located (e.g. sensitive environment); Cumulative impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.

Reasons Why Project is Exempt:

The basis for the Division's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

15261(b) – Ongoing Project: The Division has determined that the project is statutorily exempt under the Ongoing Project (14 CCR 15261(b)) exemption per the CEQA guidelines because the Division identified the Midway-Sunset Oil Field and issued permits in this oil field pre-CEQA (prior to April 5, 1973). Additional permits issued in the developed areas of the Midway-Sunset Oil Field are considered part of an ongoing project and exempt from further CEQA reviews.

STATE CLEARINGHOUSE

Class 4 – Minor Alterations to Land: The Division has determined that the project is categorically exempt from CEQA under the "Class 4" (14 CCR 15304) exemption per CEQA guidelines and per DOGGR regulations (14 CCR 1684.2) because the proposed project is located on previously graded or otherwise recently disturbed land within a densely developed oil field.

Exceptions to Exemptions: The Division further finds that there are no exceptions to the otherwise-applicable categorical exemptions (PRC §21084; 14 CCR 15300.2(c)). There is no substantial evidence that there are any "unusual circumstances" associated with the proposed project that create a reasonable possibility that the activity will have a significant effect on the environment, and that there is no significant "cumulative impacts" resulting from successive projects of the same type in the same place.
