SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108.

State Clearinghouse Number (SCH No.): 2005072046

Project Title: American River Watershed Common Features, Water Resources Development Act of 2016 Project (ARCF 2016), American River Contract 1

Project Applicant: Central Valley Flood Protection Board (CVFPB)

Lead Agency/Address: See Above

Lead Agency Contact Person: Miles Claret of the Department of Water Resources, (916) 574-0251

Project Location/City/County: The Project is located long left bank (when facing downstream) of the American River from just upstream of the H-Street Bridge downstream to Glenn Hall Park in Sacramento, California.

Project Description: The American River Contract 1 Project includes the installation of approximately 5,500 linear feet of erosion protection along the left bank of the American River in Sacramento, California. The purpose of the American River Contract 1 Project is to reduce flood risk to the City of Sacramento by constructing levee improvements that reduce the risk of levee failure due to levee erosion. The American River Contract 1 Project includes the installation of a riparian planting bench and in-stream woody material to provide on-site habitat to fish and wildlife species. The American River Contract 1 Project also includes construction of three off-site habitat mitigation sites to compensate for impacts to biological resources that are anticipated to result from bank protection implementation along the American River as part of the overall ARCF 2016 Project. The three off-site habitat mitigation sites are located within the American River Parkway near Glenn Hall Park and Rio Americano High School.

This is to advise that the CVFPB, as the **Lead Agency**, approved the above described project on May 28, 2021 and made the following determinations regarding the above described project:

1. The project [will / will not] have a significant effect on the environment.
2. [An Environmental Impact Report / A Mitigated Negative Declaration] was prepared by the lead agency for the original project.
3. Mitigation measures [were / were not] made a condition of CVFPB's approval of the project.
4. A Mitigation Monitoring and Reporting Plan [was / was not] adopted by CVFPB for this project
5. A Statement of Overriding Considerations [was / was not] adopted by CVFPB for this project.
6. Findings [were / were not] made by CVFPB pursuant to the provisions of CEQA.

This is to certify that the Final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: Central Valley Flood Protection Board, 3310 El Camino Avenue #170, Sacramento, CA, 95821
