Present Land Use/Zoning/General Plan Designation:

Urban - multiple zoning and General Plan designations

Project Description: (please use a separate page if necessary)

The U.S. Army Corps of Engineers, Sacramento District (USACE), Board, and Sacramento Area Flood Control Agency (SAFCA) propose to construct levee improvements consisting of an approximately 12,880 cumulative feet (2-3 miles) of levee raises, cut off walls, seepage berms, and other levee improvements along the Sacramento River's east levee in Sacramento, California. Construction is planned for April to October 2023. The proposed project is the last of four contracts on the Sacramento River being constructed to address seepage, stability, and overtopping concerns along the Sacramento River east levee. USACE is the Federal lead agency under NEPA, the Board is the State lead agency under CEQA, and SAFCA is a responsible agency.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
