FROM: Central Valley Flood Protection Board
3310 El Camino Avenue, Suite 170
Sacramento, CA 95821

SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108.

State Clearinghouse Number (SCH No.): 2005072046

Project Title: American River Watershed Common Features, Water Resources Development Act of 2016 Project (ARCF 2016), American River Contract 3A (ARC3A Project)

Project Applicant: N/A

Lead Agency/Address: Central Valley Flood Protection Board (Board), 3310 El Camino Ave, Ste 170, Sacramento, CA 95821

Lead Agency Contact Person: Miles Claret of the Department of Water Resources, (916) 574-0251

Project Location/City/County: The ARC3A Project is located in the City of Sacramento, California along the Lower American River left bank and levee near Interstate Business 80 (also known as the Capitol City Freeway) and upstream of the City of Sacramento’s Sutter’s Landing Park in the American River Parkway.

Project Description: The ARC3A Project includes the installation of approximately 3,000 linear feet of levee erosion protection to reduce the risk of levee erosion during high flow events on the Lower American River. The ARC3A Project also includes the installation of on-site riparian habitat features and instream woody material to provide on-site habitat for fish and wildlife species. The purpose of the ARC3A Project is to reduce the risk of levee failure caused by erosion during high-flow events on the Lower American River. The ARC3A Project would strengthen the Lower American River levee system and reduce the risk of a catastrophic flood event within the Sacramento metropolitan area.

This is to advise that the Board, as the **Lead Agency**, approved the above-described project on October 28, 2022 and made the following determinations regarding the above described project:

1. The project [will / will not] have a significant effect on the environment.
2. [An Environmental Impact Report / A Mitigated Negative Declaration] was prepared for the project.
3. Mitigation measures [were / were not] made a condition of approval of the project.
4. A Mitigation Monitoring and Reporting Plan [was / was not] adopted for this project
5. A Statement of Overriding Considerations [was / was not] adopted for this project.
6. Findings [were / were not] made pursuant to the provisions of CEQA.

Lead Agency Statement: The Environmental Impact Report, with comments and responses, and record of approval is available to the public at the Board’s office at the address listed above.
