Project Title: ARCF 2016 Project, Sacramento River East Levee Contract 4

Project Applicant: Central Valley Flood Protection Board

Project Location (include county): Sacramento River from I street bridge to the town of Freeport

Project Description:

The SREL C4 Project includes the installation of approximately 12,844 cumulative feet of levee improvements along the east levee of the Sacramento River. The purpose of the Project is to reduce the risk of flooding to the City of Sacramento by constructing levee improvements that reduce the risk of levee failure due to levee through-seepage and under-seepage during high water events and meet embankment and foundation stability requirements.

This is to advise that the California Department of Water Resources has approved the above
 (Lead Agency or Responsible Agency)

described project on 11/18/2022 and has made the following determinations regarding the above
 (date)
 described project.
