To: Office of Planning and Research
State Clearinghouse
P.O. Box 3044, 1400 Tenth Street, Room 212
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control
Permitting Division
700 Heinz Ave.
Berkeley, CA 95710

Subject: Filing of Notice of Determination in Compliance with Section 21108 of the Public Resources Code

Project Title: Safety Kleen of California, Inc Santa Maria Standardized Permit Renewal

State Clearinghouse Number: 1998109251

Project Location: 745-A West Betteravia Rd, Santa Maria, California 93454

County: Santa Barbara

Project Applicant: Nahid Toossi, Safety Kleen of California, Inc.

Project Description: The California Department of Toxic Substances Control (DTSC) adopted an Addendum to the previous Negative Declaration and approved the renewal of the Safety Kleen of California, Inc. Santa Maria Standardized Hazardous Waste Permit (Permit). The Safety Kleen Santa Maria Facility (Facility) is a storage and transfer facility for used oil, waste antifreeze, oily water, and oily debris/oily solids, and operates under the current permit. The Facility currently is permitted, and will renew its permitted status for an additional ten (10) years, to store and transfer waste in a 10,500-gallon tank (Tank 1) divided into two compartments, one to store waste antifreeze and the other to store used oil or oily water; a 10,200-gallon tank (Tank 2) to store used oil; and a drum storage unit where a maximum of ten 55-gallon sized drums may be stored. A maximum of 14,000 gallons of waste may be stored in trucks within the loading and unloading and truck-to-truck transfer area (Unit 3). All waste transfer and storage activities are conducted in secondary containment to prevent any waste from running off site.

As Lead Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on February 12, 2021 and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of project approval.
4. A Statement of Overriding Considerations was not adopted for this project.
5. Findings were not made pursuant to the provisions of CEQA.

The administrative record for this project is available to the public by appointment at the following location:
