APNs: The Project site includes 15 parcels, comprised of APNs 160-270-31, -79, and -82; 160-280-14, -48, -49, -50, -51, -53, -54, and -55; 160-290-58, -60, -63; as well as 160-270-77 (a parcel located at the northeastern corner of Foussat Road and SR 76 that is owned by the City).

Project Description: The proposed Project would develop a mixed-use California lifestyle resort with associated shopping, retail, commercial and recreational opportunities, interspersed with residential and open space uses. The Project proposes approximately 36 acres of commercial uses within the central/southwestern portion of the site and approximately 36 acres of residential uses within the northern and eastern portions of the site. The remaining 20 acres of the site are proposed to be preserved as open space, including a 4-acre stepping-stone wildlife corridor located along the eastern property boundary.

Commercial uses are proposed to include a 300-key resort hotel, hotel conference buildings, a surf lagoon and beach club, and commercial buildings offering approximately 126,400 SF of office, retail and restaurants. Total square footage of the resort, commercial, and conference facilities would total approximately 486,100 SF. A maximum of 700 multi-family residential dwelling units are proposed within nine residential lots located adjacent to the existing residential areas east and north of the Project site. The proposed Project residences would be integrated through vehicular, pedestrian and bicycle connections. The proposed Project would provide a number of parks linked by a series of trails to create an open space network of recreational areas.
