SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2016102048

Project Title: Churn Creek Bridge Rehabilitation Project (Lake or Streambed Alteration Agreement, EPIMS-SHA-20484-R11)

Project Location (include county): The project is located at Churn Creek, an anadromous Class I stream, in the County of Shasta, State of California; Latitude 40.58541N, Longitude -122.337754W; The nearest street address is 1539 Old Alturas Road, Redding, CA, 96003. Assessor's Parcel Numbers (APN) 071-390-019-000.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement, EPIMS-SHA-20484-R11, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Amber Kelley, representing the City of Redding.

The project is limited to the rehabilitation of a bridge over Churn Creek on Old Alturas Road. The existing bridge is a 4-span reinforced concrete bridge that is 143-feet long and 28-feet wide and was constructed in 1964. The bridge is too narrow for current traffic conditions and does not have adequate sidewalks or shoulders for non-motorized traffic. Additionally, there is evidence of scour around the pier walls and abutments. Rehabilitation will include widening the bridge deck, pier walls, and abutments, and making improvements to the road approaches. The new bridge deck will measure 67-feet wide and will include a 14-foot wide center turn lane and two 12-foot wide travel lanes, each with an 8-foot wide shoulder and a 6.5-foot wide sidewalk with a barrier.

This is to advise that CDFW, acting as a Responsible Agency, approved the above described project on September 15, 2021 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
