Project Title: Carpinteria Salt Marsh Enhancement Plan Update

Project Applicant: Santa Barbara County Flood Control District

Project Location (include county): Carpinteria Salt Marsh, Santa Barbara County

Project Description:

Updated analysis of dragline and hydraulic dredging of upper Franklin and Santa Monica Creeks with beach surf zone deposition of sediment at Ash Ave. for dragline and at the marsh mouth for hydraulic dredging. Hydraulic dredging will also take place on lower Franklin Creek to the marsh mouth. Existing staging/stockpile area on Franklin Creek will be expanded by 0.5 acres. A drainage system that provides runoff through a flood wall into tidal channels in the South Marsh will also be maintained.

This is to advise that the Santa Barbara County Flood Control District has approved the above (Lead Agency or Responsible Agency)

described project on June 16, 2020 and has made the following determinations regarding the above described project.

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

130 E. Victoria St., Suite 200, Santa Barbara, CA

Signature (Public Agency): Seth Shank Title: Environmental Team Leader
