Dear State Clearinghouse Representative,

The purpose of this letter is to reaffirm the Project has demonstrated compliance with CEQA, and the Notice of Determination for the Initial Study/Negative Declaration (IS/ND) was file with the SCH on May 11, 2017. The Happy Camp Sanitary District is submitting this reaffirmation to comply with the CWSRF Program's five-year rule. Since May 2017, no project or regulatory changes have occurred and there are no new potential impacts since the IS/ND was prepared.
