

VIRTUAL PUBLIC INFORMATION MEETING NOTICE

UPDATE OF OLINDA ALPHA LANDFILL CLOSURE DATE

Olinda Alpha Landfill

Background: Orange County Waste & Recycling (OCWR) has prepared a California Environmental Quality Act (CEQA) Draft Addendum to Final Environmental Impact Report (EIR) 588 for the Regional Landfill Options for Orange County – Olinda Alpha Landfill (OAL) Implementation. The purpose of the Draft Addendum is to allow for an update of the OAL closure date from December 31, 2021 to December 31, 2036.

Public Information Meeting: OCWR invites community members to attend a digital information meeting to learn more about the Draft Addendum that has been prepared for OAL and to provide any comments. Staff will be available to provide information and answer questions regarding the Draft Addendum and the reasons for the update of the OAL closure date.

More Information: In accordance with CEQA, OAL operates pursuant to Final EIR 588 approved by the Orange County Board of Supervisors on April 17, 2007. The proposed update of the OAL closure date will not result in any changes to the approved development plan for OAL that was fully analyzed in Final EIR 588. The maximum allowable daily tonnage, number of daily truck trips and maximum allowable final landfill elevation will remain unchanged.
