**Subject:** Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

**Lead Agency:** City of Anaheim

**PROJECT TITLE &  
FILE NUMBER:**

The Revised Platinum Triangle Expansion Project Final  
Subsequent Environmental Impact Report No. 2008-  
00339 (FSEIR No. 339)

**STATE  
CLEARINGHOUSE  
NO. 2004121045**

Santa Ana River Reorganization  
Addendum No. 9 to EIR No. 339

**PROJECT LOCATION:** The approximate 820-acre Platinum Triangle is located at the confluence of the Interstate 5 (I-5) and the State Route 57 (SR-57), in the City of Anaheim in Orange County, California. The project area is located generally east of I-5; west of the Santa Ana River Channel and SR-57; south of the Southern California Edison easement; and north of the Anaheim City limit. The Platinum Triangle includes the Angel Stadium of Anaheim, Honda Center, the Grove of Anaheim, and surrounding light industrial buildings, industrial parks, distribution facilities, offices, hotels, restaurants, residences and retail uses.

The Proposed Project is west of, the SR-57/Orangewood Avenue interchange, approximately 0.63-mile east of I-5. Specifically, the Project Site is located in the City of Anaheim and the City of Orange, within Orange County Flood Control District (OCFCD) rights-of-way. The municipal boundary for the cities of Anaheim and Orange is along the western right-of-way boundary of the Santa Ana River. Although the Project Site is in both the City of Anaheim and the City of Orange, the City of Anaheim is the Project sponsor, and the Lead Agency for the purposes of CEQA. The SR-57/Orangewood Avenue interchange serves as a major gateway to the City of Anaheim and the Project would serve future increases in vehicles in the Project areas because of future development of Platinum Triangle in the City of Anaheim.

The subject properties are located within City of Orange along the Santa Ana River from approximately 1,000 feet

---

south of Katella Avenue to 1,000 feet south of Orangewood Avenue, east of the Anaheim/Orange city boundary to the top of the western levee of the Santa Ana River.

---

**PROJECT DESCRIPTION:** The Proposed Project is a City-initiated capital improvement project to widen Orangewood Avenue from a five-lane roadway to a six-lane divided facility to provide expanded bicycle and pedestrian access from the Santa Ana River to just east of State Route 57 (SR-57) at the SR-57/Orangewood Avenue interchange. The Proposed Project would also include a water pipe line connection in Orangewood Avenue right-of-way, generally beginning at Rampart Street and ending to the east at Eckhoff Street. In addition, the Proposed Project includes a change to the jurisdictional boundaries between the City of Anaheim and the City of Orange, west of the western levee of the Santa Ana River, north and south of Orangewood Avenue. This proposed reorganization includes amendments to the Anaheim General Plan, Anaheim Zoning Map, and PTMLUP, and other related documents to reflect the new City boundary and potential future use of the affected property.

On December 07, 2021, the Anaheim City Council, at its hearing, took action, by resolution, to approve a General Plan Amendment, to amend the Land Use Element from Open Space to Mixed Use Urban Core (Area 1 and 1A) and Park (Area 2).

By motion, 1) introduce an ordinance to reclassify (pre-zone) the subject properties to the Public Recreation (PR) zone and Platinum Triangle Mixed Use Overlay Zone, Orangewood District Subarea B (Area 1 and 1A), Public Recreation (Area 2); and Open Space (Remaining Area); 2) Introduce an uncodified ordinance to add the Santa Ana River Reorganization Area ("Project Area") to District 5 upon completion of annexation from the City of Orange.

**Brief Project Description:** A General Plan Amendment, amendments to The Platinum Triangle Mixed Use (PTMU) Overlay Zone and Zoning reclassifications have been proposed by the City to expand the boundaries of the PTMU Overlay Zone and increase the permitted residential, office, commercial and institutional development intensities within the Platinum Triangle. Approval of the proposed amendments would result in maximum development intensities of 18,900 dwelling units 14,340,522 square feet of office uses 4,909,682 square feet of commercial uses, and 1,500,000 square feet of institutional uses within the Platinum Triangle. There is no proposed development intensity increase for properties within the Platinum Triangle that are outside of the expanded PTMU Overlay Zone.

**Determination:** Based on a review of the Project as proposed, the Department of Fish and Game has determined that for purposes of the assessment of CEQA filing fees [F&G Code 711.4(c)] the project has no potential effect on fish, wildlife and habitat and the project as described does not require payment of a CEQA filing fee. This determination does not in any way imply that the project is exempt from CEQA and does not determine the significance of any potential project effects evaluated pursuant to CEQA.

Please retain this original determination for your records; you are required to file a copy of this determination with the County Clerk after your project is approved and at the time of filing of the CEQA lead agency's Notice of Determination (NOD). If you do not file a copy of this determination with the County Clerk at the time of filing of the NOD, the appropriate CEQA filing fee will be due and payable.

Without a valid No Effect Determination Form or proof of fee payment, the project will not be operative, vested, or final and any local permits issued for the project will be invalid, pursuant to Fish and Game Code Section 711.4(c)(3).
