Project Title: Los Angeles Groundwater Replenishment Project

Project Applicant: Los Angeles County Flood Control District

Project Location (include county): San Fernando Valley, City of Los Angeles, County of Los Angeles (See attached map on page 2)

Project Description:

On June 30, 2020, the Los Angeles County Board of Supervisors, acting on behalf of the Los Angeles County Flood Control District, as a responsible agency for the Los Angeles Groundwater Replenishment Project: considered the Final Environmental Impact Report prepared and certified by the City of Los Angeles as lead agency; adopted the Mitigation Monitoring Program as applicable; made necessary environmental findings; and approved the Los Angeles County Flood Control District to enter into an agreement with the City of Los Angeles Department of Water and Power regarding the delivery of recycled water to Hansen Spreading Grounds. (See attached page 2 for additional information)

This is to advise that the Los Angeles County Flood Control District has approved the above (Lead Agency or Responsible Agency)

described project on 06/30/2020 and has made the following determinations regarding the above described project.

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

Los Angeles County Public Works, 900 S. Fremont Blvd., Alhambra CA 91803

Reference Section 21000-21174, Public Resources Code.

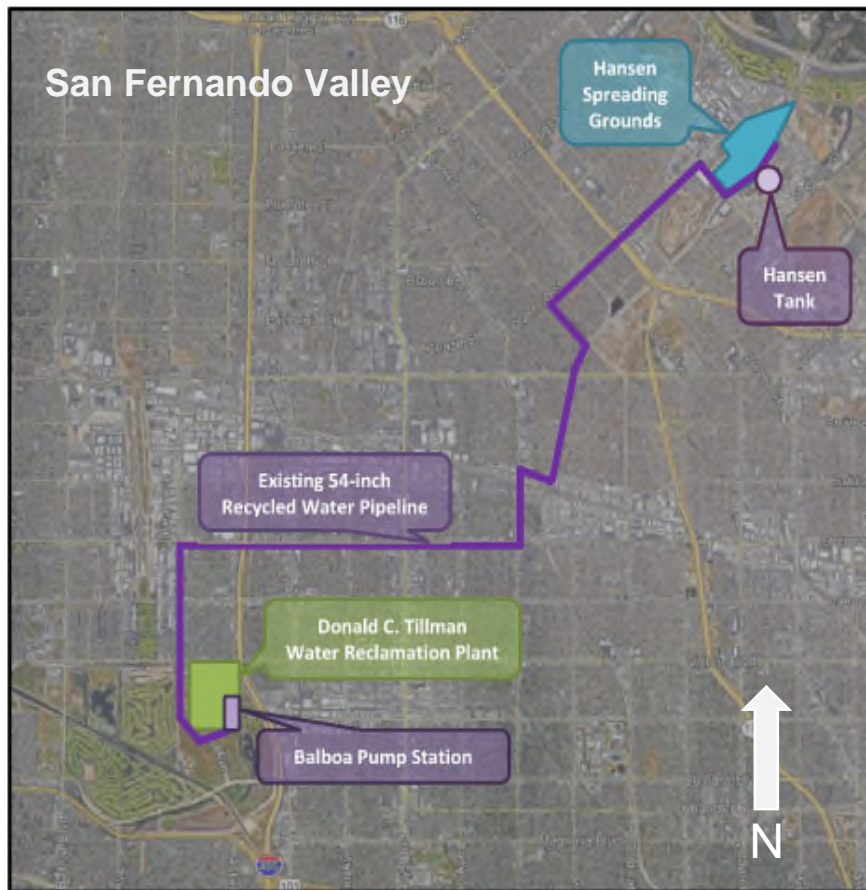

STATE CLEARINGHOUSE

Notice of Determination  
Los Angeles Groundwater Replenishment Project

Project Description:

The City of Los Angeles, as lead agency, certified the Final Environmental Impact Report for the Los Angeles Groundwater Replenishment Project on December 6, 2016. The Los Angeles County Flood Control District owns, operates, and maintains the Hansen Spreading Grounds. As part of the Los Angeles Groundwater Replenishment Project, the City of Los Angeles Department of Water and Power will deliver recycled water to the Hansen Spreading Grounds for groundwater recharge purposes.

Project Location Map and Coordinates:

Donald C. Tillman Water Reclamation Plant: 34°10'57.63"N 118°28'50.9"W  
Hansen Spreading Grounds: 34°15'08.5"N 118°23'26.7"W
