State Clearinghouse Number (if submitted to State Clearinghouse): 2018122049

Project Title: 2190 BARKER VALLEY LLC

Project Applicant: John Wright

Project Location (include county): 2190 Barker Valley Road, Hayfork (Trinity), CA 96041

Project Description: The proposed cultivation project described herein (Project) includes the cultivation of up to 10,000 square feet (SF) of outdoor mature canopy located in Trinity County on Assessor's Parcel Number (APN): 015-420-044-000. The applicant is seeking a Small Outdoor Cannabis Cultivation License from the County (CCL-731) and currently holds an Adult-Use Small Outdoor Cannabis Cultivation License from the Department of Cannabis Control (DCC; CCL21-0005371, Expires on 2024-06-30). Cultivation activities include approx. 9,800sqft mature canopy in five (5) 25'x100' hoop houses with 20'x98' canopy each. Existing support infrastructure includes four (4) 5'x40', two (2) 5'x100', and two (2) 25'x100' hoop houses for immature canopy; a permitted groundwater well, a 750-gallon, and two (2) 2,500-gallon water storage tanks; a 12'x24' garage for processing, harvest storage, and agricultural chemical storage (12'x8' area each); and a 10'x12' cannabis waste storage area for composting. Power is provided by TPUD and there is a permitted septic system on-site to serve the projects wastewater needs. Proposed elements would not include any ground-breaking activities and include installation of three (3) 6'x20' hoop houses for immature canopy in previously disturbed area. A more detailed project description can be found in the Appendix C Checklist. SPECIAL NOTES: 1. The project has applied for Small Outdoor with most recent CCL renewal application, however the Appendix C includes the use of supplemental lighting in mixed-light operations. To be approved for the use of mixed-light, CCL-731 must submit an updated CCL application to update type change and furthermore updated DCC license within 90 days when project plans to

transition to mixed-light operations. Additionally, although the use of supplemental light is being approved, lighting cannot be used in hoop houses – and the project has not proposed transition to greenhouses for use in mixed-light operations.

This is to advise that the Trinity County Community Development Department- Cannabis Division has approved the above (  Lead Agency or  Responsible Agency)

described project on March 8, 2024 and has made the following determinations regarding the above described project. (date).

1. The project [ will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ were  were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [ was  was not] adopted for this project.
5. A statement of Overriding Considerations [ was  was not] adopted for this project.
6. Findings [ were  were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:  
Trinity County Community Development Department- Cannabis Division (530 Main Street, Weaverville CA 96093)

The County finds that the adoption of the proposed project falls within the Trinity County Cannabis Program Environmental Impact Report ("EIR")( SCH# 2018122049). Certified by the Board of Supervisors on December 21, 2020 (Resolution 2020-103). Pursuant to CEQA Guidelines (California Code of Regulations, Title 14) Section 15168, the impacts associated with the proposed project were studied, and mitigation measures concerning such impacts were developed, in the Cannabis Program EIR. No further environmental review is required because the County finds, based on substantial evidence in the Record of Proceedings, that approval of this project is a "later activity" associated with the Cannabis Program EIR, as defined by subsection (c) of Section 15168, in that (i)all impacts associated with the approval of this project are within the scope of environmental review previously studied, and (ii) the requirements and mitigations required by Chapter 17.43 and 17.43G of the Trinity County Code, adequately serve to mitigate the impacts associated with approval of this project.
