**SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108**

**State Clearinghouse Number:** 2018122049

**Project Title:** Stream Crossing Maintenance for Cultivation Site Access (Lake or Streambed Alteration Agreement No. 1600-2019-0633-R11)

**Project Location (include county):** The project is located at an ephemeral tributary to Tom Lang Gulch in the County of Trinity, State of California; Section 3, Township 32N, Range 9W, U.S. Geological Survey (USGS) map Weaverville, Mount Diablo Base and Meridian; Assessor’s Parcel Number 015-140-27-00; Latitude 40.666520, Longitude 122.876240.

**Project Description:** The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement number 1600-2019-0633-R11, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Bella Lor.

The project is limited to maintenance of a culverted crossing on a private driveway to prevent excessive sedimentation and erosion. The driveway is used to access the commercial cannabis premises. The culvert consists of an 18-inch diameter corrugated metal pipe that is 30 feet long and contains approximately 14 cubic yards of fill. There is also an existing seasonal ford crossing below the culvert that has been abandoned. The project includes decommissioning the abandoned roadway and revegetation of 300 square feet around the abandoned ford (20-feet by 15-feet). The channel shall be maintained to encourage native riparian vegetative growth, including native grasses or sedges, black oaks, and willows while removing non-native or flow restricting vegetation such as blackberries.

This is to advise that CDFW, acting as a Responsible Agency, approved the above-described project on July, 2023, and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project  will /  will not have a significant effect on the environment. This determination is limited to effects within CDFW’s permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures  were /  were not made a condition of CDFW’s approval of the project.
4. A mitigation reporting or monitoring plan  was /  was not adopted by CDFW for this project.
5. A statement of overriding considerations  was /  was not adopted by CDFW for this project.
6. Findings  were /  were not made by CDFW pursuant to California Code of Regulations section 15091.

## Notice of Determination

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
