SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2018122049

Project Title: 7 Leaf Sisters, LLC Lake or Streambed Alteration Agreement No. EPIMS-TRI-46438-R1

Project Location (Trinity): The project is located at an unnamed tributary to Grass Valley Creek, in the County of Trinity, State of California; Latitude 40.670744, Longitude -122.859778; section 35, Township 33N, Range 09W, U.S. Geological Survey (USGS) map Lewiston, Mount Diablo base and meridian, 63640 State Highway 299, Lewiston, CA 96052, Assessor's Parcel Number 025-060-025-000.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement No. EPIMS-TRI-46438-R1, pursuant to Fish and Game Code section 1602, to the project Applicant, **Janet Yang**.

The project is limited to the reconstruction of two ford crossings. In March of 2024 Trinity Valley Consulting Engineers, Inc. issued a Hydraulic and Drainage Report (Exhibit A) for the parcel which determined two ford crossings needed reconstruction. Work will include the use of heavy equipment to remove accumulated soil in the crossings; the excavated areas will be lined with filter fabric prior to installing 3-inch rock for a driving surface. After construction is completed, all remaining exposed soil will be re-seeded and stabilized. Maintenance activities will occur seasonally to ensure the crossings remain clear of debris and sediment. Water will be sourced from the groundwater well on the parcel for cannabis irrigation and domestic purposes.

This is to advise that CDFW, acting as a Responsible Agency, approved the project described above on December 6, 2024, and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):
