Project Title: California Institution for Men, Mental Health Crisis Facility Project

Project Location: Chino

City

San Bernardino

County

Explain "exceptional circumstances" (CEQA, Section 15205(d)) for requesting a shortened review. Identify which of the 5 criteria in Appendix K are met for this project.

Criteria 4: the project is critical to the treatment of inmates who are determined to be in mental health crisis. The project will help fulfill a Federal-court order to provide mental health crisis beds for inmates in need of care.

Criteria 5: this document is a limited recirculation of a draft EIR in order to address a Superior Court ruling as to the adequacy of the EIR. The recirculated draft EIR will address a baseline issue, traffic congestion, and rejected alternatives. No resources of trust to the State of California are involved in the recirculated document.

List responsible and trustee state agencies with contact person, phone number and date of consent for the shortened review, as well as any agencies that have commented on the project (attach additional pages, if necessary):

No State responsible agencies; no trustee state agencies commented on the draft EIR and recirculated issues are not relevant to CDFV

Other commenting agencies include: Chino Valley Fire District, City of Chino, City of Chino Hills, South Coast Air Quality Management

District, and Inland Empire Utilities Agency.

As designated representative for the lead agency, I verify, in their behalf, that there is no "statewide, regional, or areawide significance" to this project.

Length of review being requested: 32 days

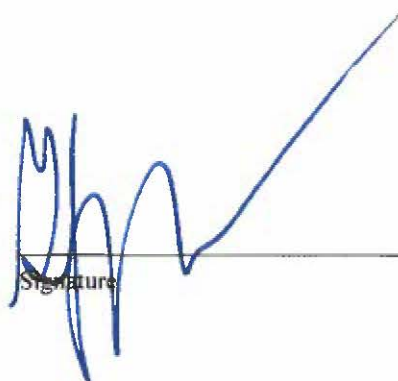

July 12, 2021
