

CALIFORNIA ENVIRONMENTAL QUALITY ACT
NOTICE OF DETERMINATION

To: Office of Planning and Research
State Clearinghouse
P.O. Box 3044, 1400 Tenth Street, Room 212
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control
Permitting Division
8800 Cal Center Drive
Sacramento, CA 95826

Subject: Filing of Notice of Determination in Compliance with § 21108 of the Public Resources Code

Project Title: Demenno/Kerdoon dba World Oil Recycling

State Clearinghouse Number: 1995031067

Project Location: 2000 N. Alameda St., Compton, California

County: Los Angeles

Project Applicant: : Demenno/Kerdoon dba World Oil Recycling

Project Description: The California Department of Toxic Substances Control (DTSC), pursuant to authority granted under Division 4.5, California Code of Regulations, Title 22, Chapter 20 prepared an addendum to the previous Environmental Impact Report for a Class 1* Permit Modification to amend the existing Hazardous Waste Facility Permit at the Demenno/Kerdoon dba World Oil Recycling Facility (Facility). The Class 1* Permit Modification will designate the existing batch tanks 701 through 706 to be part of a newly designated Unit 13-B, previously included in the discussion of Unit 13. The rest of Unit 13, the Oily Water Polishing Unit, will be designated Unit 13-A. The location, operation, and function of the tanks will remain unchanged. No changes in capacity, or construction will result from the designation.

This project would not affect any aspect of the environment and requires no new construction. All additional activities will continue to be consistent with the Hazardous Waste Permit and will not result in physical changes. There are no proposed physical changes to the Facility that were not included in the previously certified EIR, for which the prepared addendum is updating.

As Lead Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on March 14, 2024, and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of project approval by DTSC.
4. A mitigation reporting or monitoring plan was not adopted for this project by DTSC.

5. A Statement of Overriding Considerations was not adopted for this project by DTSC.

6. Findings were not made pursuant to the provisions of CEQA by DTSC.

The administrative record for this project is available to the public by appointment at the following location:

Department of Toxic Substances Control
Permitting Division
8800 Cal Center Drive
Sacramento, CA 95826
