SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2013122009

Project Title: Faria Preserve Bank Stabilization and Mitigation Maintenance Project
(Lake or Streambed Alteration Agreement No. EPIMS-CCA-52728-R3)

Project Location (Contra Costa county): The project is located within an unnamed channel within the 141-acre development area of the Faria Preserve Property on the east side of Bollinger Canyon Road, west of Interstate 680 in the City of San Ramon, Contra Costa County, California. GPS Coordinates: 37.779234, -121.987929, APN 208-240-081.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement (EPIMS-CCA-52728-R3), pursuant to Fish and Game Code section 1602, to the project Applicant, Faria Preserve, LLC.

The project is limited to restoring and restabilizing the bank along an unnamed channel. Significant rain caused a slope to fail, releasing soil materials across and downslope of the site access road. Debris materials fell below top of the streambank and removed a portion of plantings and California native seeding that was previously covered under Streambed Alteration Agreement: 1600-2012-0335. Project work includes accessing the site with an excavator and/or small bulldozer to remove debris from the existing access road and then below the road where materials have entered below top of bank. Buried trees will be excavated and removed from the site.

This is to advise that CDFW, acting as a Responsible Agency, approved the project described above on April 17, 2025 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project **will not** have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the Mitigated Negative Declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures **were** made a condition of CDFW's approval of the project.
4. A Mitigation Reporting or Monitoring Plan **was not** adopted by CDFW for this project.
5. A Statement of Overriding Considerations **was not** adopted by CDFW for this project.
6. Findings **were not** made by CDFW pursuant to California Code of Regulations section 15091.

The Final Mitigated Negative Declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as a Responsible Agency is available at CDFW's regional office.
