RE: New High School No. 8 – Final
Environmental Impact Report (FEIR)
SCH# 2019029101
GTS # 07-VEN-2019-00334
Vic. VEN-101/PM:20.734

Dear Mr. Jeffrey Weinstein:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above referenced project's Final Environmental Impact Report (FEIR). The Oxnard Union High School District (OUHSD) proposes to construct and operate a new state of the art neighborhood High School to accommodate existing and anticipated future enrollment in the District. The new school facilities are designed to meet the educational and recreational needs of up to 2,500 students in grades 9-12. The proposed project would comprise approximately 211,115 sq. ft of building and structures and provide 806 parking spaces. In addition, the proposed project includes a variety of recreational areas to accommodate the recreational needs of the students and community. This proposed project includes a variety of play fields, hard courts, and a pool. Of these, approximately 14.2-17 acres of play fields are proposed for joint-use with the City to provide additional recreation opportunities to the community, as well as consideration of civic center used of other facilities onsite.

After reviewing the project's FEIR, Caltrans does not have any further comments at this time.

If you have any questions regarding these comments, please contact project coordinator Reece Allen, at reece.allen@dot.ca.gov and refer to GTS# 07-VEN-2019-00334.

Sincerely,

A handwritten signature in blue ink, appearing to read "Miya Edmonson".
