

NOTICE OF PUBLIC HEARING

Dec 02 2020

PLANNING COMMISSION

STATE CLEARINGHOUSE

Application Number: 1712-05 (ZCA17-015, ZCHG17-012)

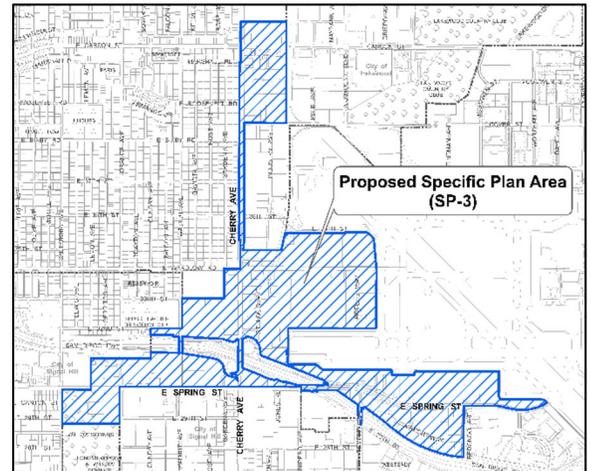

Application Date: 12/12/17

Project Location: The Plan Area (identified on the inset map) is located west and south of the Long Beach Airport, centered on the former Boeing C-17 manufacturing facility. Cherry Avenue and Spring Street form its central unifying spines.

Project Applicant: City of Long Beach, Department of Development Services, Planning Bureau

Approval(s) Requested: Zoning Code Amendment and Zone Change.

Proposed Project: Establish the Globemaster Corridor Specific Plan (SP-3), a commercial- and industrial-only Specific Plan encompassing 437 acres. The purpose of the Specific Plan is to transform the plan area into a 21st-century employment district allowing for commercial and industrial uses; no existing or planned residential uses are included in the plan. A Zone Change is required to change the plan area's zoning from the CNA, CCA, CHW, CS, IL, IM, IG, I, P, and PR districts, and from the PD-13 and PD-19 Planned Development Districts, to SP-3. A Zoning Code Amendment is required to establish the new specific plan and repeal PD-13, which is completely absorbed into SP-3, and amend PD-19, the western half of which is absorbed into SP-3. The Planning Commission will make a recommendation on this project to the City Council, which will hold an additional public hearing to take action on the project at a future date. Further project information is available at: <http://www.longbeach.gov/lbds/planning/globemaster-corridor-specific-plan/>.

This project **IS NOT** in the Coastal Zone and **IS NOT** appealable to the Coastal Commission.

Environmental Review: Pursuant to the California Environmental Quality Act (CEQA) and the State CEQA Guidelines, an Initial Study/Environmental Assessment (IS/EA) and a Draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS) was prepared for the project, analyzing the following environmental effects: Aesthetics, Air Quality, Cultural Resources, Greenhouse Gas Emissions, Hazards and Hazardous Materials, Hydrology and Water Quality, Land Use and Planning, Noise, Population and Housing, Public Services, Transportation, Tribal Cultural Resources, Utilities and Service Systems, Environmental Justice, and Energy. The Draft EIR/EIS was circulated for a 45-day public review period between August 3, 2020 and September 17, 2020.

The Final EIR/EIS, including Errata to the Draft EIR/EIS, Mitigation Monitoring and Reporting Program (MMRP)/Environmental Commitments Record (ECR), Findings of Fact and the Statement of Overriding Consideration (Air Quality, Cultural Resources, Greenhouse Gas Emissions, and Transportation), was distributed on December 1, 2020. Due to the State of Emergency declared by local, state, and federal authorities, the Final EIR/EIS is being made available in only electronic format. The Draft and Final EIR/EIS are on file and available for review on the City of Long Beach Development Services Department, Planning Bureau's website at: <http://www.longbeach.gov/lbds/planning/environmental/reports/>.
