Project Title: Regional Wastewater Control Facility Modifications Project - Outfall Relocation

Project Applicant: City of Stockton Municipal Utilities Department

Project Location (include county): 2500 Navy Drive, Stockton, CA

Project Description:

As originally proposed, the RWCF Modifications Project involved constructing facilities that use the existing outfall on the west bank to discharge final effluent to the San Joaquin River. The City now proposes to relocate the RWCF outfall to the east side of the San Joaquin River, at the site of a previously abandoned outfall. The relocation consolidates RWCF effluent disposal facilities, and operations and maintenance activities at the main plant site. The proposed project consists of three

This is to advise that the City Council of the City of Stockton has approved the above
 Lead Agency or Responsible Agency)

described project on October 18, 2022 and has made the following determinations regarding the above
 (date)
