SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse): 2019011016

Project Title: Carpinteria Advanced Purification Project

Project Applicant: Carpinteria Valley Water District

Project Location (include county): Carpinteria, Santa Barbara County

Project Description:

The modified Project involves relocating two injection wells to public right-of-way, reducing the number of injection wells from three to two, altering the layout and final design of the treatment facilities, and expanding potential locations for monitoring wells. The change in location of the injection wells does not result in a meaningful change in the length of pipeline. The changes at the treatment facility include increasing the structure height to 30 feet. No new or more severe potential impacts will be experienced.

This is to advise that the Carpinteria Valley Water District has approved the above (Lead Agency or Responsible Agency)

described project on Nov. 13, 2024 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was not adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
