

8.0 OTHER ENVIRONMENTAL IMPACTS

This section of the Draft Environmental Impact Report (Draft EIR) provides a brief discussion of the reasons that various possible significant effects of a project were determined not to be significant and were therefore not discussed in detail in the Draft EIR. In compliance with the provisions of the California Environmental Quality Act (CEQA) Guidelines,¹ this section also discusses the significant irreversible environmental changes that would be caused by the proposed Section 31 Specific Plan Project ("Section 31 Specific Plan" or "Project"), including the use of nonrenewable resources, and primary and secondary impacts which generally commit future generations to similar uses. Please see **Section 9.0** for a glossary of terms, definitions, and acronyms used in this Draft EIR.
