Project Description:

The revisions to the BSVII Project identify the location of the 450 temporary replacement parking spaces, required under NEPA to mitigate the impact of the parking spaces lost near Diridon Station due to construction-related activities. The site contains an existing warehouse that will be adaptively reused for this parking. 4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
