State Clearinghouse Number (if submitted to State Clearinghouse): 1994082080 and 2008081077

Project Title: Next Gen in California

Project Applicant: David Allen, California Speedway, LLC

Project Location (include county): 9300 W. Cherry Avenue

Project Description: A Major Revision to a previously approved Planned Development (PD), and Addendum, for the Auto Club Speedway facility (Original Project) to replace the existing two-mile track with a half-mile short track referred to as the NASCAR, Next Gen In California (Modified Project). The Modified Project would have a reduced maximum capacity of 50,000 persons with approximately 35,000 grandstand seats from the previously approved capacity of 107,000 persons and 93,880 grandstand seats, while continuing to host the same type of operations and events previously approved by the County and analyzed in a certified Final Environmental Impact Report and Final Subsequent Environmental Impact Report. Mitigation measures were previously made conditions of approval for the Original Project, and will apply to the Modified Project. The Addendum was prepared for the Modified Project and evaluated whether the Revision to the Approved Action would cause any new significant impacts or an increase in the severity of previously identified significant environmental impacts, and the County determined no additional environmental review is required.

This is to advise that the San Bernardino County has approved the above (input checked for Lead Agency or Responsible Agency)

described project on December 7, 2020 and has made the following determinations regarding the above (date) described project.

- 1. The project [input checked] will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [input checked] were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [input checked] was adopted for this project.
5. A statement of Overriding Considerations [input checked] was adopted for this project.
6. Findings [input checked] were made pursuant to the provisions of CEQA.
