Project Title: Randall Road Debris Basin

Project Applicant: Santa Barbara County Flood Control District

Project Location (include county): Randall Road, Montecito, Santa Barbara County

Project Description:

The project consists of the construction and long-term periodic maintenance of a new off-channel debris basin on San Ysidro Creek to capture sediment and debris transported from the watershed upstream of the project site. The design of the project provides an area for deposition of large sediment loads and woody debris during larger storm events while maintaining natural sediment transport and fish passage during smaller storm events.

This is to advise that the Santa Barbara County Flood Control District has approved the above (Lead Agency or Responsible Agency)

described project on August 18, 2020 and has made the following determinations regarding the above described project.

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

130 E. Victoria St., Suite 200, Santa Barbara, CA
