Project Description: (please use a separate page if necessary)

UC San Diego proposes to update the population and development projections of the approved 2018 LRDP and extend its horizon year from 2035 to 2040, as well as make limited adjustments to the land use plan. Development of land uses is anticipated to increase by approximately 30% from the 2018 LRDP projections, and the planning population projections would be adjusted from 65,600 (students, staff and faculty) through year 2035 to 96,300 through year 2040. UC San Diego proposes to prepare a Subsequent EIR to the 2018 LRDP Program EIR which was certified in November 2018 (SCH 2016111019).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
