 in Compliance with Section 21108 or 21152 of the Public Resource Code.**

**State Clearinghouse Number:** 2017012008  
**Project Title:** Orchard Road Sewer Main Project  
**Project Location:** University of California, Davis  
**County:** Yolo

**Project Description:** The Orchard Road Sewer Main Project will implement Orchard Park Redevelopment (OPR) Project Mitigation Measures 3.17-1. With the proposed sewer line (12” diameter) replacing the existing sewer line (8” diameter) that would be provided by OPR Mitigation Measure 3.17-1, adequate capacity would be available within the wastewater collection system serving the Orchard Park site to accommodate increased flows associated with the additional student housing.. The project implements Orchard Park Student Housing Mitigation Measure 3.17-1: Upsize Sewer Line within Orchard Road. The length of replacement is approximately 1,200 linear feet. Construction involves saw cutting approximately 2,600 linear feet of asphalt roadway, excavation/backfill, sheeting and shoring to place the new pipe, trenching for new pipe placement, lateral/sewer main reconnections, repaving to replace the asphalt roadway. The old 8-inch sewer line will be abandoned in-place. The west end will be stubbed at the Orchard redevelopment site while the east end will be connected to 12-inch diameter line in the east side of La Rue Road.

This Notice of Determination is to advise that the University of California  Lead Agency has approved the above-described project on January 9, 2020 and has made the following determinations:

1.  UC Davis 2018 Long Range Development Plan (LRDP) EIR (SCH# 2017012008) including Volume 3 for the OPR Project was prepared for this project pursuant to the provisions of CEQA.
2. UC Davis 2018 LRDP EIR, including Volume 3, sufficiently analyzes and addresses potential environmental impacts from the project, and the project will not trigger any of the criteria requiring additional CEQA review pursuant to CEQA Guidelines Section 15162. The project will not result in new significant impacts or a substantial increase in the severity of the environmental impacts identified in the UC Davis 2018 LRDP EIR.
3. Mitigation measures from the UC Davis 2018 LRDP EIR were made a condition of the approval of the project; no new project-specific mitigation measures are required.
4. The implementation of applicable 2018 LRDP Final EIR mitigation measures will be monitored and reported pursuant to the 2018 LRDP Final EIR’s Mitigation Monitoring and Reporting Program.
5. The previous statement of overriding considerations in the 2018 LRDP Final EIR was reaffirmed for this project.
6. Findings  were made pursuant to the provisions of CEQA.

This is to certify that the UC Davis 2018 LRDP EIR with comments and responses and record of project approval is available to the general public at: <https://environmentalplanning.ucdavis.edu/current-projects> or UC Davis Office of Environmental Stewardship and Sustainability, 436 Mrak Hall, University of California, Davis, CA 95616.
