**Project Location/City/County:** The project is located along the levees of the Sacramento River Flood Control Project in Butte, Colusa, Glenn, Placer, Sacramento, Solano, Sutter, Tehama, Yolo, and Yuba Counties.

**Project Description:** The Sacramento River Bank Protection Project (SRBPP) is a continuing construction project authorized by Section 203 of the Flood Control Act of 1960. The purpose of this project is to provide protection to the existing levee and flood control facilities of the Sacramento River Flood Control Project. To date, work has been carried out in two phases, with a total of about 820,000 feet of river stabilized under the project. Current SRBPP work is being conducted under Phase II of its existing federal authorization. The supplemental authorization of 80,000 linear feet is in addition to the previously constructed 820,000 linear feet.

This is to advise that the Central Valley Flood Protection Board, as the Lead Agency, approved the above described project on July 24, 2020, and made the following determinations regarding the above described project:
