SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2016082009

Project Title: Whitehawk II Major Amendment (Lake and Streambed Alteration Agreement No. 1600-2016-0258-R2)

Project Location (include county): The project is located at Strap Ravine, in the County of Placer, State of California; Latitude 38.741944, Longitude -121.211111 (WGS 84 datum, decimal degrees).

Project Description: The California Department of Fish and Wildlife (CDFW) previously executed Lake and Streambed Alteration Agreement No. 1600-2016-0258- R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Anthem United Homes, Inc.

The Applicant submitted a major amendment request to CDFW to modify the existing Agreement to include realignment of approximately 150 linear feet of stream channel at the location of the prefabricated bridge across Strap Ravine. This realignment will accommodate the stream flows and avoid the bridge footing being located within the active stream channel based on revised topographic modeling. Realignment of the stream channel will temporarily impact approximately 3,352 square feet.

This is to advise that CDFW, acting as a Responsible Agency, executed the above Lake and Streambed Alteration Agreement major amendment on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will / will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was / was not adopted by CDFW for this project.
6. Findings were / were not made by CDFW pursuant to California Code of Regulations section 15091.

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Lake and Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
