Project Title: Annual Creek and Channel Facility Maintenance Program - 2022 Update

Project Applicant: City of Burlingame

Project Location (include county): Various locations in the City of Burlingame, San Mateo County

Project Description:

An Addendum to the IS/MND for the Burlingame Annual Creek and Channel Maintenance Project was prepared to analyze the potential impacts to continue periodic routine maintenances as needed on an annual basis within five creek channels (El Portal/ Trousdale Channel, Mills Creek, Easton Creek, Sanchez Creek, and Burlingame Creek), which are part of the City's stormwater management system. The Addendum determined there are no new significant impacts, nor any substantial increases in the severity of previously identified impacts. No changes or additions are needed to the previously adopted MND or Mitigated Monitoring and Reporting Program.

This is to advise that the City of Burlingame has approved the above (Lead Agency or Responsible Agency)

described project on 4/6/22 and has made the following determinations regarding the above described project. (date)

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
