**Project Number:** PRJ-1102669

**State Clearinghouse Number:** 2004651076

**Project Title:** 2440 Cactus Road (Epoca Neighborhood L)

**Project location:** 2440 and 2380 Cactus Road, San Diego, California, 92154

**Description of Previous Action/Project:** The City of San Diego previously prepared a Program Environmental Impact Report (PEIR) No. 30330/304032 / SCH No. 2004651076 for the Otay Mesa Community Plan Update (OMCPU), certified by the San Diego City Council on March 11, 2014, per Resolution No. R-30881. The OMCPU involved an update to the Otay Mesa Community Plan, a General Plan Amendment, rescission of the Otay Mesa Development District, adoption of a Rezone Ordinance to replace the Otay Mesa Development District with citywide zoning, and creation of two new CPIOZs, amendments to the City's Land Development Code (LDC), and an update of the Otay Mesa Community Plan Public Facilities Financing Plan (PFFP). Subsequently, the City of San Diego prepared an Addendum to the PEIR for the Central Village Specific Plan adopted by City Council per Resolution No. R-11019, on April 13, 2017, and an Addendum to the PEIR for the Lumina project adopted by City Council per Resolution No. R-312589, on July 29, 2019.

**Description of Current Project:** A request for an amendment to the Epoca Neighborhood L Neighborhood Development Permit (NDP) No. 24993334 to develop 120 multi-family residential dwelling units, including 53 affordable dwelling units and 67 market rate dwelling units. The 3.13-acre site is in the RM-2-5 base zone within the Central Village Specific Plan (CVSP) of the Otay Mesa Community Plan area. Additionally, the project site is located within the Airport Land Use Compatibility Overlay Zone (Brown Field), the Airport Influence Area (Brown Field, Review Area 2), the Federal Aviation Administration Part 77 Noticing Area (Brown Field), the Very High Fire Severity Zone, and Transit Priority Area. Council District 8. (LEGAL DESCRIPTION: ASSESSOR'S PARCEL NUMBER 646-100-7100).

Previously, the Epoca Neighborhood L project (Project No. 678856) was submitted to the City as a request for a NDP for the construction of 120 multi-family residential units totaling 80,472-square feet. Of the 120 units, 119 were affordable units and one unit was a market rate manager's unit. The project has since been revised from the original Epoca Neighborhood L project (Project No. 678856) to include 53 affordable units and 67 market rate units.

Pursuant to Public Resources Code Section 21166 and CEQA guidelines 15162 and 15163 the City has determined that: (1) there is substantial evidence that none of the conditions requiring preparation of a subsequent or supplemental EIR exist, and (2) the City will rely on the previous environmental document, which adequately addresses this project.

**Project Applicant:** Danny Gabriel, CR Lumina Group, LLC., 444 West Beech Street, Suite 300, San Diego, California 92101, (858) 490-2343

This is to advise that the Development Services Department Staff of the City of San Diego on January 18, 2024 approved the above-described project and made the following determinations:

- (2) No Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or,
- (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified, shows any of the following:
  - a. The project will have one or more significant effects not discussed in the previous EIR;
  - b. Significant effects previously examined will be substantially more severe than shown in the previous EIR;
  - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,
  - d. Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

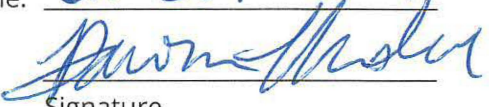

Furthermore, the City has made the following determinations:

1. The proposed project  would, or  would not introduce additional impacts or increase the severity of impacts beyond those already analyzed in the EIR.

PROJECT NUMBER: 30330/304032 PERMIT NUMBER: N/A STATE CLEARINGHOUSE NUMBER: 2004651076  
PROJECT TITLE: OTAY MESA COMMUNITY PLAN

PROJECT LOCATION: The Otay Mesa community encompasses approximately 9,300 acres in the southeastern portion of the City of San Diego. The community is bordered by the San Ysidro and Otay Mesa-Nestor communities on the west, the City of Chula Vista and the Otay Valley Regional Park on the north the County of San Diego on the east and the US/Mexico border and the City of Tijuana on the south, Council District 8, in the City and County of San Diego.

DESCRIPTION OF ACTION: **City Council approval of a updated Otay Mesa Community Plan, General Plan Amendment, Rescission of Otay Mesa Development District (OMDD) and Adoption of a Rezone ordinance (to replace the OMDD with citywide zoning), approval of the Public Facilities Financing Plan (PFFP), and amendments to the City's Land Development Code (LDC) as further described below.** The Otay Mesa Community Plan Update (CPU) is a comprehensive update of the 1981 community plan. Approval of the CPU would establish land use designations and policies to guide future development consistent with the City's General Plan (2008). The CPU is intended to implement the General Plan policies through the provision of community-specific recommendations. The concurrent rezone would rescind the existing OMDD and implement development regulations consistent with citywide zoning classifications. Amendments to the City's LDC are required to create new and revised implementing zones, including two new Community Plan Implementation Overlay Zones (CPIOZ Type A and Type B) for proposed commercial and industrial land use designations under the CPU and for the creation of new zones to implement the new International Business and Trade (IBT 1-1) and Business Park Residential Permitted (BRTBPRP) land use designations. An updated PFFP would be adopted with the CPU to allow for implementation of the CPU. The CPU would additionally serve as the basis for guiding a variety of other actions, such as parkland acquisitions, transportation improvements and public facilities. The update includes modifications to the various elements of the Plan to incorporate current planning policies and practices in the City of San Diego, as well as to make the Plan reflective of the substantial land use changes (e.g., adopted alignments of SR-905 and SR-125) that have occurred over the last twenty-five years.
