Project Description:

The project includes fuelbreaks in strategic locations which includes a 100-foot-wide strip along the wester edge of the Glencannon Drive subdivision, A 100 wide strip along the eastern edge of Green Valley Road subdivisions, variable width fuelbreak along roads and main ridge line surrounding city of Vallejo pumping stations and associated infrastructure, and areas along the main ridge separating Sonoma and Napa County which connect main roads, grasslands, and transmission lines. The project totals 241 footprint acres utilizing mechanical treatment, manual treatment and prescribed herbivory and primary treatment and prescribed (pile) burning and herbicide application as follow up treatments. The project also includes Right of Way Clearing (fuelbreak) along Glencannon, Green Valley, Rockville, Twin Sisters, and Valley End roads covering 6.9 total road miles. Clearing will include areas within the County Road Easement.

This is to advise that the Cordellia Fire Protection District has approved the above
(Lead Agency or Responsible Agency)

described project on 03/22/23 and has made the following determinations related to the PSA
(date)

1. The Project will have a potentially significant effect on the environment.
2. Green Valley Fuels Reduction PSA (SCH #2019012052) was prepared for this project pursuant to the provisions of CEQA
3. The CalVTP Program EIR sufficiently analyzes and addresses potential environmental impacts from the project, and the project will not trigger any of the criteria requiring additional CEQA review pursuant to CEQA Guidelines Section 15162. The project will not result in new significant impacts or a substantial increase in the severity of the significant environmental impacts identified in the CalVTP Program EIR. The proposed project is within the scope of the CalVTP Program EIR consistent with CEQA Guidelines Section 15168(c)(2), as documented in the PSA.
4. Mitigation measures and standard project requirements from the CalVTP Program EIR were made a condition of the approval of the project; no new project specific mitigation measures are required.
5. The implementation of applicable CalVTP Program EIR mitigation measures and standard project requirements will be monitored and reported pursuant to the Mitigation Monitoring and Reporting Program that was adopted for this project.
6. The previous statement of overriding considerations in the CalVTP Program EIR was reaffirmed and Cordellia Fire Protection District prepared and adopted a statement of overriding considerations for this project.
7. Findings were made pursuant to the provisions of State CEQA Guidelines Section 1509

This is to certify that the Green Valley Fuels Reduction PSA and record of project approval are available to the general public.
