

INSTRUCTIONS FOR THE NOTICE OF DETERMINATION FORM

A Notice of Determination (NOD) should be completed and filed with the Office of Planning and Research in Sacramento every time the Department of Fish and Wildlife (CDFW) carries out, funds or approves a project that is not exempt under the California Environmental Quality Act (CEQA). The following template was created to simplify the process of NOD completion.

Instructions:

- The project location and project description should be very short (2-4 lines) but should provide an accurate summary of the location and nature of the project. Ensure the completed form is not more than 2 pages in length.
- Change the default selections on the NOD form to match the document. The default selections on the form assume that: 1) CDFW is acting as a responsible agency, 2) the lead agency prepared a negative declaration, and 3) no significant effects were identified by CDFW. These default settings can easily be changed by double-clicking on the appropriate boxes and changing the “default value” from “checked” to “not checked” or vice-versa.
- Item 6 on the form should state that findings were made pursuant to Public Resources Code section 21081(a) only when CDFW is approving the ITP in reliance on an environmental impact report (EIR). In all other cases where CDFW is relying on a negative declaration or mitigated negative declaration to issue the permit, the form should indicate findings under Public Resources Code section 21081(a) were not made. Where CDFW is relying on a negative declaration or mitigated negative declaration to approve the permit and findings under Public Resources Code section 21081(a) were not made, the next sentence stating that other findings were adopted by CDFW to document compliance with CEQA should be included. Where CDFW is relying on an EIR and findings were made under Public Resources Code section 21081(a), the sentence regarding the adoption of other findings to document compliance with CEQA should be deleted.
- Remember to attach the project proponent’s receipt showing payment of environmental filing fees to the Department. If fees have not yet been paid and CDFW has not issued a no effect determination for the project, payment in the appropriate amount must be provided before the NOD can be filed.

If you have questions regarding completion of the form, feel free to contact the Office of General Counsel (OGC) at (916) 654-3821. OGC can also assist you with filing of a NOD at the Office of Planning and Research’s State Clearinghouse. The notice must be filed within five working days of when CDFW decides to carry out or fund a project, or of when it issues a permit or otherwise approves the project.
