SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2015102005

Project Title: King Site Remediation and Stream Restoration (Lake or Streambed Alteration Agreement No. EPIMS-HUM-08775-R1)

Project Location (include county): The project is located within the South Fork Trinity River watershed, approximately 20 miles east of the city of Eureka, County of Humboldt, State of California. The project is located in Section 25, T5N, R4E, Humboldt Base and Meridian; in the Grouse Mountain U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 316-012-008.

Project Description: The project is limited to three encroachments. One encroachment will decommission and remediate a campsite and access road that impact a spring, stream, and bog; proposed work includes grading, scarifying, mulching, and seeding with appropriate vegetation. Another encroachment will decommission and remediate a legacy cultivation area and access road, and restore the affected stream and riparian area; proposed work includes recontouring the bed, bank, channel, and setback areas using native fill materials to restore original morphology, and mulching and seeding with appropriate vegetation. The final encroachment will upgrade failing road conditions and remediate legacy cultivation activities to eliminate or minimize erosion and sediment delivery to the affected stream; proposed work includes removal of the legacy-fill, backfilling and compaction of engineered-fill to prevent downcutting, rock armoring as necessary to minimize erosion, and mulching and seeding with appropriate vegetation.

This is to advise that CDFW, acting as the Lead Agency / a Responsible Agency approved the above described project and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. A mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration Agreement is available to the public for review at CDFW's regional office.
