Project Title: Gochev Water Diversion and Stream Crossings Project (Lake or Streambed Alteration Agreement No. 1600-2018-0067-R1)

Project Location: The project to be completed is located within the Eel River watershed in the Swayback Ridge region, approximately 5.4 miles S/SE of the town of Dinsmore, County of Humboldt, State of California. The project is located in Section 35, T01N, R05E, Humboldt Base and Meridian; in the Dinsmore U.S. Geological Survey 7.5-minute quadrangle; Humboldt County Assessor's Parcel Number 210-141-016; latitude 40.41530 N and longitude 123.58100 W at the point of diversion.

Project Description: The project is limited to seven encroachments. One encroachment is for water diversion from unnamed tributaries to Dairy Creek. Water is diverted for domestic use and irrigation. Work for the water diversion will include use and maintenance of the water diversion infrastructure. Four other proposed encroachments are to upgrade failing or undersized stream crossings. Work for these encroachments will include excavation, removal of the failing crossings, replacement with new properly sized crossings, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion. The two remaining encroachments are to remove fill material in stream areas and restore the stream channels.
