Project Title: Quiggle Water Diversion Project (Lake or Streambed Alteration Agreement No. 1600-2019-0733-R1)

Project Location: The project to be completed is located within the Eel River watershed, approximately 3.6 miles NE of the town of Garberville, County of Humboldt, State of California. Project Description: The project is limited to one encroachment. The encroachment is for water diversion from unnamed tributaries to Dean Creek. Water is diverted for domestic and irrigation use on approximately 10 parcels in the vicinity. The water diversion consists of a three-foot-deep by two-foot-wide shallow concrete well embedded in a rocky swale at the head of a class II stream. Water is gravity fed to an aluminum distribution box that splits water into 16 shares prior to distribution to parcels of use, some more than one mile away. Work for the water diversion will include use and maintenance of the water diversion infrastructure consistent with this Agreement.
