SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2015102005

Project Title: Owen Stream Crossing and Pond Overspill Project (Lake or Streambed Alteration Agreement No. EPIMS-HUM-09996-R1)

Project Location (include county): The project is located within the Chamise Creek watershed, approximately twelve miles east-southeast of the town of Garberville, County of Humboldt, State of California. The project is located in Section 1, T5S, R5E, Humboldt Base and Meridian, in the Jewett Rock U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 218-121-005.

Project Description: The project is limited to two encroachments (Table 1). The first encroachment shall reconstruct and upgrade the overspill of an onstream pond. In its current configuration the overspill misdirects streamflow from its natural channel; the new design shall convey all downstream flow to the natural channel. Work for this encroachment will include excavation, installation of a spillway sized to convey the 100-year flow, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion. The second encroachment shall improve an informal dirt-fill stream-crossing that impedes and impounds stream flow. Work for this encroachment will include excavation, installation of a culvert sized to convey the 100-year flow, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion.

This is to advise that CDFW, acting as the Lead Agency / a Responsible Agency approved the above described project and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. A mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration Agreement is available to the public for review at CDFW's regional office.
