SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2015102005

Project Title: Brian Hall and Sheila Hall Water Diversion and Stream Crossings Project
6 Encroachments (Lake or Streambed Alteration Agreement No. 1600-2019-0590-R1)

Project Location (include county): The project to be completed is located within the Mad-Redwood River watershed, approximately 2.6 miles south east of the town of Dinsmore, County of Humboldt, State of California. The project is located in Section 29 T02N, R05E, Humboldt Base and Meridian; in the Showers Mountain U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 208-201-026; latitude 40.518723 N and longitude -123.645381 W at the point of diversion (POD).

Project Description: The project is limited to 7 encroachments. Two points of diversions POD-1 and POD-2 are for water diversion for domestic and irrigation uses. The first diversion is from a spring. The second diversion is from an onstream pond. The third encroachment is to restore the channel of the onstream pond by implementation of a Stream Restoration Plan. Water Right H507270 was filed September 9, 2019 for the same two encroachments for cannabis irrigation for this parcel. Work for the water diversion POD-1 spring will include use and maintenance of the water diversion infrastructure. The 4 other proposed encroachments are to upgrade failing and undersized culverts. Work for these encroachments will include excavation, removal of the failing culverts, replacement with new properly sized culverts, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion. One additional point of diversion exists depicted as Pond B, which appears to be an onstream pond subject to FGC section 1602 in Table 2. The pond has not been evaluated in the field, but only from the desk were it appears highly likely to be hydrologically connected.

This is to advise that CDFW, acting as the Lead Agency / a Responsible Agency approved the above described project and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. A mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration Agreement is available to the public for review at CDFW's regional office.
